## Class I IP65 IK08

Available in any of these RAL colors

7004	7016	9005	9016	6002	1015
------	------	------	------	------	------

EMFA's Dion series combines a die-cast aluminium head with an extrusion aluminium pipe to provide a sturdy, outdoor bollard. The bollards are designed to light pathways, landscapes and open spaces. The unit comes with 5 different heads for various light outputs and applications. A screwless bayonet lock system allows for easy dismounting of the head. The unit comes in 4 sizes: 300mm, 450mm, 700mm, and 1100mm, as well as with 3 lamp options: LED, Fluorescent, Metal Halide. In combination with the fluorescent lamp, an optional LED pilot lamp is available to light the bollard when the primary light source is off to continue marking a path while saving energy. An optional galvanized steel anchorage kit is available for mounting into concrete. An alternative option is sleeve anchors for mounting onto existing concrete.

**Head**

Die cast aluminium  
 With Screwless lock system  
 (Electrical lock on request)  
**Diffuser**  
 Frosted polycarbonate

**Pipe**

Extrusion aluminium  
**Paint**  
 Electrostatic powder
