

BELKIS 1 RECESSED WALK OVER LED FIXTURES

Class II IP67

EMFA's 20mA LED fixtures are ideal for ambiance lighting outdoors and in where only a touch of light is required. These fixtures apart from being used as orientation lights, can light steps and paths and highlight walls and columns. A material mix of die cast aluminium, marine grade stainless steel and acrylic are offered to fit the correct location. A choice of lighting or backlighting LEDs is offered to either give a directional lighting effect or a lighting glow.

“Customization” is EMFA’s standard

EMFA offers many combinations for each fixture, as all fixtures are made in house. A combination of 6 standard paint colors, 5 LED colors and 2 LED types are available to make the fixture suitable for the required application. This is done without increasing lead-time and is available for large as well as small quantities.

Voltage : 240V A.C
(12V AC or DC, 24V AC or DC on request)

Diffuser : Clear Glass 6 mm
Standard with 5m 3x0,75 H03 VV-F cable
Available with springs for false ceiling.

9 x 20 mA BACKLIGHTING LEDS	Code No Inox
☀ Warm White	418101

Single color LED options upon request are ;
● Blue ● Amber ● Green ● Red

INOX

Recessing Box
